KUEHNE BLACK STAIN OR METALLIC BRONZE FINISHES
Soft in appearance but hard and durable are Kuehne baked black enamel or bronze finishes. Rust-resistant prime coat and electronically applied baked-on finish coat make the smoothest finish in the industry — controlled to 1/10,000 of an inch.

PLASTIC LEG CAPS
Every Kuehne table and chair glides smoothly — maintains perfect balance with specially designed plastic leg caps that will not mar the floor. Many with self leveling glides.

KUEHNE QUALITY
The industry's largest plant is also the most modern and most complete. From tubular steel to laminated plastic table tops, all parts are made in Kuehne's plant to the most rigid specifications. For 35 years. Kuehne has meant QUALITY.

POSTURIZED COMFORT
Scientifically designed chairs with soft foam-filled seats mean comfort that makes sales. And Kuehne's welded frames have no bolts to tear clothing or snag hose.

RE-INFORCED CONSTRUCTION
Both top and bottom of every Kuehne table top are completely sealed with balanced layers of laminated plastic. This type of core construction, used only in the finest furniture, gives double protection against warping, buckling or twisting. All Kuehne Table Tops are laminated under high pressure.

LOWEST DELIVERY COSTS
More for less money is evident in this scientifically constructed 4-chair per carton pack that cuts cost, saves time. Warehouses all over the country cut shipping costs to the minimum.

KUEHNE KHROME
Kuehne makes its own tubular steel—gives it a steel nickel plating and a heavy chrome plating for the finest mirror-bright chrome finish in the industry. Wears and wears—outperforms all other chrome finishes by actual test.
